Summary

Computer Science student with experience in designing, developing, and maintaining reliable software solutions. Skilled in problem-solving, writing clean code, using data structures, and following modern development practices. Experienced in web and mobile development, API integration, and delivering high-quality applications. Currently working on cyber security.

SKILLS

- ◆ **Languages:** C, C++, JavaScript, Java, HTML, CSS, Python, Dart.
- ◆ **Frontend:** Flutter, HTML, CSS, JS.
- ◆ **Backend:** php
- ◆ **Database:** MySql
- ◆ **Version Control:** Git, GitHub.
- ◆ **Tools:** Android Studio, Excel, VS Code.

EDUCATION

- ◆ BS Computer Science | University of Agriculture, Faisalabad | 2023-2027
- ◆ Intermediate (FSc) | Superior College | 2022

EXPERIENCE

Flutter App Developer

- ◆ Built cross-platform mobile applications using Flutter and Dart, improving UI responsiveness by 30%.
- ◆ Managed application state using Provider and GetX, reducing state-related bugs by 40% and improving performance.
- ◆ Implemented REST APIs and achieving 99% reliable data synchronization.

Cyber Security Analyst

- ◆ Performed network scanning and enumeration using Nmap, Netcad
- ◆ Conducted penetration testing on vulnerable machines (Kioptrix, Academy, Blue, Black Pearl, Ice, Black Hat Hacking etc.).
- ◆ Practiced password cracking using John the Ripper, brute forcing using Hydra.
- ◆ Simulated attacks like ARP Spoofing, MITM, and DoS in lab environment.
- ◆ Completed multiple CTF challenges on TryHackMe and HackTheBox.

Full Stack Web Developer

- ◆ Built responsive web based Notes app (CRUD) using php.
- ◆ Built responsive Portfolio websites.
- ◆ Built responsive Recipe Website using php.
- ◆ Built responsive Salah website for Muslims.

PROJECTS

- ◆ **Notes App (Flutter)**
Note-taking app.
- ◆ **Notes (website)**
Responsive e-commerce platform with CRUD, authentication, and admin panel using Next.js, React.js, Node.js, MongoDB.
- ◆ **Personal Portfolio (website)**
Showcased projects, skills, and experience with interactive UI, live on Vercel.
- ◆ **Other Projects**
Pharmacy Management System in C#.

Hobbies & Interests

- ◆ Learning Cyber security and exploring new technologies.
- ◆ Enhancing development skills in JavaScript, SOC analyst.
